

Where In The World Have You Split To?

We are asking parents to take pictures of their gymnasts doing the splits.

If you are traveling this summer on vacation, don't forget to snap a picture of your child doing their splits at your vacation destination! If you are staying closer to home this summer, take the pictures when you are out and about at your favorite activity destinations near home! Bring your photo in to share on the board, which has been put up in the small party room. Mark the location in which the photo was taken.

Let's see where in the world all of our gymnasts' have "split" to!
